

Arnie Bellini
Chief Executive Officer

Arnie Bellini is co-founder and Chief Executive Officer of ConnectWise. Arnie is the chief visionary behind the company's long-standing success in the information technology industry. Today, ConnectWise is the publisher of the channel's most widely-used business operating system and its IT division is a leading provider of technology to companies in the Tampa Bay market.

In 1982, Arnie astutely recognized the impact that microcomputers would have on business and formed the company with his brother David. Arnie's passion to continually drive operational efficiencies and deliver excellent customer service makes ConnectWise one of the most admired companies in the IT channel. In 1998, Arnie decided to capture his company's best practices in an integrated, workflow-driven business management solution that would benefit all IT services companies. That project resulted in the creation of ConnectWise.

Today, ConnectWise is used by over 3,100 IT services companies around the Globe. With over 37,000 users, ConnectWise automates the full business cycle of IT services delivery – from sales and service to project tracking and back-office functions. ConnectWise continually incorporates important new technologies, such as streamlining managed service operations and integrating mobile devices for field service operations.

Arnie is a Certified Public Accountant (CPA) and earned a bachelor's degree in accounting from the University of Florida and an MBA from the University of South Florida.

About ConnectWise

ConnectWise is the leading business operating system designed exclusively for IT service providers, MSPs, technology consultants, integrators and developers.

MSP Integration Leader

ConnectWise integrates with all leading managed services applications.

Automating Business

More than 37,000 IT solution providers rely on ConnectWise to achieve greater accountability, operational efficiency and profitability. ConnectWise fully integrates CRM, sales, help desk tickets, projects, managed services, SLAs, dispatching, time and expenses to streamline IT companies. Over the last 28 years, ConnectWise has become a standard in the IT industry with over 300 API integration partners.
