

Gerwai Todd

Director of Sales

As the Director of Sales for ConnectWise, Gerwai Todd is responsible for overseeing the ConnectWise sales team to continuously improve overall sales processes, increase new product sales, and develop the company's Partner Referral Program.

Gerwai brings a diverse background to his role at ConnectWise. He started his career with Citifinancial, where he worked in sales and branch management. In this position, Gerwai was responsible for managing a three million dollar branch portfolio as well as a significant real estate portfolio. He exceeded sales and profit goals throughout his employment with the company.

Most recently, Gerwai served as a Software Development Manager at Fidelity National Information Services. His experience at Fidelity included managing a team of loan development resources within the MISER product group. He also was responsible for developing Fidelity's eBusiness strategic direction.

Gerwai grew up on the West Coast and holds a Bachelor's Degree in Business Administration from the University of Oregon.

About ConnectWise

ConnectWise is the leading Web-based professional service automation (PSA) software application designed exclusively for technology consultants, integrators and developers.

MSP Integration Leader

ConnectWise is the only PSA software to integrate with all leading managed services applications.

Integrating Key Business Operations

More than 32,000 IT solution providers rely on ConnectWise to more efficiently integrate key business operations across the enterprise from business development and project management to client services and billing. The technology enables IT companies to drive greater accountability, operational efficiency, profitability and tighter systems integration.
